# RHINO D2 5G

## A 5G RedCap dongle to connect enterprise peripherals.

- 5G and 4G LTE private and standalone networks support.

- eSIM-ready for simple network management.

- Mobile Device Management (MDM) support including Mambo® EMM.

- Connect to USB Type-C and Type-A peripherals.

The RHINO D2 is an ultra-compact and innovative 5G RedCap dongle designed to bring reliable wireless connectivity to laptops and enterprise devices. Purpose-built for modern mobility, the D2 supports eSIM for flexible network activation and seamless remote provisioning. With long-term guaranteed availability and robust performance, the D2 is ideal for mission-critical applications where compact size and next-gen connectivity matter most.

## Use Cases

- Connect Legacy Laptops & Peripherals
- Remote Work Support
- Backup Internet Connection
- Temporary Worksites
- First Responders & Disaster Recovery

## Management Features

- Manage network and device settings
- Configure access controls
- Perform remote resets and reboots
- Monitor signal and device status
- View device performance and system info

## Specs

**OS**
OpenWRT

**CHIPSET**
Qualcomm® Snapdragon® X35

**DIMENSIONS**
86 x 47 x 14.5 mm (3.39 x 1.85 x 0.57 in)

**MEMORY**
256MB RAM, 512MB internal storage

**PORTS**
USB Type-C x2

**IP RATING**
IP54

**NETWORK**
4G bands: 1, 2, 4, 5, 7, 12, 13, 14, 25, 26, 30, 41, 48, 66, 71
5G SA bands: 1, 2, 5 7, 12, 14, 25, 26, 30, 48, 66, 71, 78

**CONNECTIVITY**
GPS, A-GPS, Galileo, QZSS
pSIM and eSIM

**LONG TERM SUPPORT**
3 year product support
1 year limited warranty
EMM manageable (Mambo® EMM)

**CERTIFICATIONS**
